

QUIPPO ENERGY LIMITED

A **SREI** initiative

Quality Policy

Quippo Energy endeavors to provide innovative solutions in power generation that use combine heat, power and cooling platforms to offer significantly higher efficiency level. We aspire to be an integrated energy player within the space of distributed power with our business spread across the globe.

Quippo Energy's quality management system (QMS) is ISO 9001:2015 certified, the certification recognizes Quippo Energy's QMS meeting internationally established benchmarks. Quippo Energy's services are covered under ISO certification, this includes assembly, renting and operations of fossil fuel based combined heat and power equipments. The certification is independently verified by SGS.

Our quality objectives are :-

- To provide customers with high quality installation and 24 x 7 services which meet requirements and are fit for their purpose and strive to exceed their expectations.
- To work towards asset maintenance and protection in order to be able to deliver quality services.
- To continually improve effectiveness and efficiency in our business processes & QMS.
- To seek, listen and respond to the customer feedback, during and after projects.
- To ensure transparency in our dealings and customers.
- To establish mutually benefited relationships with customers, suppliers and other stack holders and enhance our ability to great value.
- To ensure that our people have necessary skills to perform tasks effectively, efficiently and consistently right from the first time and every time by embracing quality management systems of Quippo and carrying out improvements on an ongoing basis.
- To provide and maintain safe and healthy working conditions, equipment and systems of work for all employees and all such information, training and supervision as may be needed.
- To adhere to statutory and regulatory requirements.
- To promote the quality management systems and ensure implementation if achieved by internal auditing management review, corrective and preventive action.

Everyone is responsible for the quality within the company and for maintaining high standards.

October - 2018, Ahmedabad

Arun Savanur
Chief Executive Officer
